Meanwhile, **Jacquetta** was sporting a new coif at **Oscar**. What do you think of her new do?

"**Grace Coddington** and **Mario Testino** asked me to do it for a *Vogue* shoot. I had always had short hair until recently but then every time I'd go out I'd pull it back. I'm surprisingly really liking it."

—Jacquetta Wheeler

"Grace Coddington cut it and I love it. Her hair was cut for *Vogue* and we had to embrace it."

—André Leon Talley

"Jacquetta cut it at the end of a shoot she did with us. **Julien d'Ys** cut it. I always felt she was better off with short hair anyhow. She knows I like her with short hair."

—Grace Coddington

"I loved it, but I couldn't focus on her hair. I was too busy ogling the clothes!"

—Nina Garcia

"I loved it and I love Jacquetta, so anything she does, I love. She could shave her head."
